Chapter 2

Kyuugou

One day, Shuji Yashiro, an ordinary high school student, went to take pictures on the rooftop rumored to be haunted by the ghosts of twins. That was where he met his classmate, Aoku Ichinose, whom he always considered to be someone belonging to a completely different world. He couldn't take his eyes off Aoku's face, and took his picture in impulse. The following day, while he was organizing old photos in the clubroom, Shuji found a shocking photograph.
